Exchange rates for the full year are assumed to be 1US\$ = JPY 150.00, 1€ = JPY174.00, and 1 South Korean won = JPY0.1050, respectively.

### Reasons for the revision

Due to foreign exchange trends and the expectation that business primarily targeting general industries will exceed the previous forecast, we are revising the full-year consolidated earnings forecast announced on November 4, 2025.

There is no change in the year-end dividend forecast.

\*Forward-looking statements stated in this document are based on information currently possessed by Hirose or current assumption related to uncertain factors affecting future business performance. Actual financial performance could be significantly different from our expectations because of various factors. The number of shares issued used for calculation of estimated figure of “basic earnings per share” is the same as weighted average number of shares expected currently.
